

# Safehome Volunteer Application

The position of Volunteer at Safehome is a volunteer position. This means that, if you accept the role, you perform all duties on a voluntary basis and you will not receive remuneration or payment for your work - neither the Organization nor the Volunteer intend any employment or contractual relationship to be created i.e. you are not an employee, independent contractor, or consultant at the Organization.

If this changes at any time, and there is a possibility that you might undertake paid work for the Organization or be involved in vocational training, the Organization will discuss this with you and document the arrangement in a formal employment contract, contract for services or other arrangement.
